2ND MONTH INTO THE NEW YEAR! A REVIEW

In our this issue:

KRISHAJ XI-PRODUCT CHAMPIONS-RESULTS

Announcing the winners of the contest. Top 10 team performances from the date of scheme starting i.e 1st Nov-2018 to 31st Jan-2019.

KRISHAJ HEROES- A HEARTFELT LETTER

Our Krishaj family came together in a very special way to help a one in dire need.

KRISHI MELA- A SUCCESS

KRISHI MELA was organized at Chhatrapur DAO. It was a tremendous success as we had a lot of visitors and customers.

HOW TIME FLIES!

Another Year, Another month gone by. Time really flies!

It was good to see our work family working sincerely with renewed energy and optimism. We all felt extreme happiness and eagerness to complete our daily tasks with precision and also finding time to help a colleague in need of assistance. All thanks to the pleasant weather and the cool, crisp air, we felt renewed and recharged and all set to perform our daily duties. All in all, we had a wonderful and eventful time at the workplace this month.

IT'S ALL ABOUT LOVING OUR KRISHAJ FAMILY!

We celebrated yet another Valentine's day in a very conventional and thoughtful way. It was a show of brotherhood. Our workforce reached out to one another in brotherly love and offered each other assistance, advice and even sweet treats. It was a memorable, heartwarming day.

All for one and one for all!

SPEAK UP-TAKING A BIG LEAP TOWARDS TRANSPARENCY!

Last year KREPL introduced Speak Up initiative for all its employees. This initiative was rolled out with a vision to build along a culture of transparency and parity across all levels and departments in the organization. The requests received through this platform goes through 3 level of intermediation starting from the dedicated 3rd party team, followed by concerned department and finally to the senior management. Though received hesitatingly in beginning by the employees, this initiative has gained momentum in past 6 months with more than 10 grievances received and successfully addressed. Mr. Rajesh Agarwal, Executive Director of KREPL feels excited about this initiative and says “As an organization, we are steadily trying to build a culture where each and every employee feels respected and delighted while being associated with us; initiatives like Speak Up are milestones towards achieving our vision”. KREPL would like to appreciate each and everyone in the organization who showed a brave face and came up with their grievances and suggestions through this platform.

A GLORIOUS SHOW

We organized an exhibition 'Kisan Mela' to showcase our products and services to educate and assist the farmers. It truly was a glorious show as we had many visitors and customers from all walks of life dropping in to visit us and get more acquainted with our available products. The response shown by our curious but eager spectators was exhilarating. We not only promoted and distributed samples and even free and attractive calendars but also sold a good many products under our banner to all and sundry.

Our Krishaj family came together in a very special, giving way and in the nick of time to donate blood to Krishaj family member, Sushil Agarwal who urgently required it. This is a most touching and inspiring sign of brotherhood among this beautiful family like ours. We are ever so fortunate and grateful to have you with us.

Here is a short but very sincere letter of thanks penned by Shri L. R. Agarwal himself:

My dearest brothers,

I thank you all from the core of my heart for the blood donation towards Sushil Agarwal's heart surgery. Not only the blood, the great attachment and the affection from all of you is highly commendable and encouraging.

With lots of affection

L.R. Agarwal

KRISHI MELA-A SUCCESS

KRISHI MELA was organized at Chhatrapur DAO, by Dept of Agri-culture, Odisha. We along with many pesticides and fertilizer companies participated in this event under our distributor M/s Bishnu Traders, Humma. It was 3 days program from Dt 2nd feb'19 to Dt 4th feb,2019. Our Sales officer Mr. Chandrasekhar Mahalik and Local FA Narendra Muduli displayed our products. We had many visitors and potential customers at our stall.

FARMER FAIR-A SUCCESS

Out of 100 stalls, our KREPL stall was awarded as the Best Stall by the Agriculture department. Our staff was honored with Certificate and Trophy for the 1st prize.

Chief guest for the last day was Mr. Ramlal Malviy ji MLA, Ujjain (Ghatiya), he visited our stall and discussed about our company products and appreciated our field work / activities. Our local staff Mr. Vikram Anjana, and team actively participated and did all necessary things to promote our products among farmers and scientist of Agri department.

SAFETY OF CHILDREN IN SCHOOLS

The children are more susceptible to pesticides as they take more pesticides relative to the body weight during exposure. Their bodily systems are in developing stage and are less able to detoxify the pesticides. Infants, children and the aged ones are at greatest risk of pesticide induced immune system suppression. Schools are regularly treated with pesticides for the control of various insect pests and other vermin.

The pesticide exposure to children decreases their stamina, memory and coordination.. Symptoms of pesticide exposure in children includes nausea, dizziness, headaches, inability to concentrate, vomiting and convulsion, skin irritation and flu like symptoms.

Many pesticides accumulate on the furniture like desks and chairs after application in the classrooms. Sometimes the pesticide levels in indoor air goes higher than the air outdoors.

In general the pest control companies apply organophosphate and carbamate groups of insecticides that can adversely effect the nervous system of the children via cholinesterase inhibition. There is very alarming situation as those pesticides that can cause cancer, damage the nervous and hormonal systems are also being used in schools. Still no body knows for certain the long term effects of low dose exposure.

Truly Pest Solution Pvt. Ltd. practices Integrated pest Management (IPM) in school without using any toxic pesticide. Our main product is less toxic than the common salt.
